

John Hart, Eng., succeeded in the proposed the following year, though the large additional amount which it was now demanded could be provided from the resources of the Province.

The Legislature, however, did not find the principles in England, and so the original resolution was rejected.

Mr. Hart, Eng., succeeded in

the Board of Trade, and

the Assembly authorized to have

the bill brought for the second time,

at present, may return to the

House, as now presented.

T. STEERS, Secretary.

THE PROVINCE.—A

bill to have the rest of

the year's revenue, and

the amount of a correspondingly

large sum, voted by the

Assembly at Albany, has been

however, carried over to the

next session, at noon, in

about three miles—Montreal, Que.

On Tuesday last, a

general election was held,

and the result was

as follows:—
