VERNON'S CLASSIFIED BUSINESS

PREFACE.

THE publisher in presenting his first annual edition of the CLASSIFIED BUSINESS DIRECTORY OF THE CITY OF HAMILTON believes that the book will supply a long felt want, as the need of an accurate and reliable list of all the industries and businesses carried on in the second city in the Province has long been apparent. The compiler having lived here for the past twenty years, and intimately knowing almost every business and professional man in the city, has been enabled to do thorough justice to all without fear or favor.

For strangers this book will be found an accurate and reliable business guide. The publisher returns his thanks to the advertisers and subscribers who have so liberally supported him, and hopes that every year the "Ambitious City" will grow in prosperity and importance.

HAMILTON.

HAMILTON, the second city of the Province of Ontario, is situated on the south shore of Hamilton (formerly Burlington) bay, the western extremity of Lake Ontario. It lies just east of the 80th degree of longitude, and just north of the 43rd parallel of latitude.

Hamilton occupies an alluvial plain lying between the bay and the escarpment which forms the outer rim of the lake basin. This escarpment—locally known as “the mountain”—is the height over which the Niagara plunges at the Falls. From its summit a magnificent view may be had. The city lies immediately below, the squares in the centre as distinct as those of a chess board, while in other parts the luxuriant maples with which the streets are lined almost hide the dwellings from sight. The broad blue waters of Lake Ontario stretch away to the eastern horizon. To the northward the view is closed in by a continuation of the height on which the observer stands. The plain is covered in all directions with fruitful farms and dotted with thriving villages. The spires of Toronto may be dimly discerned on the north side of the lake, forty miles away; and on a clear day the smoke of Niagara, at about the same distance, may sometimes be seen.

At the opening of the present century the ground on which Hamilton now stands was covered with forest. A dozen years later it was occupied by farmers, and gradually a hamlet grew up at the spot which is now the center of the city; but it was not till 1833 that a municipal organization was effected. In 1836, just fifty-five years ago, the inhabitants numbered 2,846, and the assessed value of property was less than \$175,000. Ten years later the population was found to be nearly 7,000, and a city charter was obtained. The population at present is upwards of 50,000.

Hamilton is in direct railway communication with all parts of the Province, while she has by the great lakes and rivers water communication from Chicago, Duluth and Sault Ste Marie at the west to the Atlantic seaboard.

The city is represented by two members in the Dominion Parliament and by one in the Ontario Legislature. It has three daily newspapers. Its local affairs are managed by a city council composed of a Mayor and twenty-one Aldermen. It is amply supplied with excellent water from Lake Ontario. The present consumption

is at the rate of about 80 gallons daily to each inhabitant. A police force of fifty men is found ample to preserve the peace; and a highly efficient fire department has been able to save the city from serious loss by fire. The streets are lighted by electric lamps. It is no exaggeration to say that in all material interests Hamilton is now more prosperous and its progress more rapid than at any former period.

No other Canadian city has won for itself the industrial celebrity that Hamilton has attained. The city is often called the Birmingham of Canada, and though comparison with the world's great workshop in the English midlands is presumptuous, it is not altogether unwarranted. A place, within the memory of living men transformed from the wilds of a forest, can necessarily in but few things be compared with Birmingham. In one point, however, such a comparison may not be unseemly. Hamilton resembles the larger and older hive of industry in her thrifty application of skill and capital to widely diversified industrial operations. This has been her distinguishing characteristic for at least a generation. Within that period, manufacturing establishments on a scale and with equipments in keeping with the latest demands for cheap and efficient production, have successively sprung up within her limits. Her increasing workshops have steadily added to her population and enhanced her wealth. Scarcely an important branch of industry is left altogether unrepresented.

Her factories, equipped with modern machinery and the latest labor-saving devices to minimize the cost of production, maintain a daily output of innumerable articles of the metal, wood and leather industries, of textile fabrics, and of glassware, pottery, clothing, etc. The curing and packing of meats, and canning of fruits and vegetables are also carried on in accordance with advantageous methods peculiar to the western side of the Atlantic.

A careful perusal of the miscellaneous directory in this book will give the reader a better idea of the educational, municipal, social, religious and benevolent institutions, etc., than could be mentioned here. The classified directory also shows faithfully the professional, mercantile and manufacturing establishments of the city.

Hamilton is distant 40 miles from Toronto; St. Catharines, 31; London, 75; Detroit, 186; Kingston, 200; Montreal, 373; Quebec, 538.

Educational

SCHOOLS AND COLLEGES

PUBLIC SCHOOLS

W H Ballard, M A, Inspector
For school purposes the city is divided into six districts, in each of which there is a district school. Over each district is placed a head master, who has supervision, not only of his own school, but of the primary schools of the district

District I, or Queen's school district, includes that part of the

city south of King and east of James. Head master, W C Morton

District II, or Central school district, bounded by King street on the north, James street on the east, Concession street on the south, and on the west by a line passing along Caroline to Hunter, along Hunter to Queen, and along Queen to King street. Head master, G W Johnson

District III, or Ryerson school district, including that part of Ward 3 being west of a line passing along Caroline, Hunter and James streets. Head master, Walter H Davis

District IV, or Hess st school district, includes Ward 4. Head master, A S Cruickshank

District V, or Cannon street school district, includes Wards 5 and 6. Head master, T L Kinrade

District VI, or Victoria school district, includes Ward 7. Head master, John Ross

There are 18 schools, 150 teachers, and a regular attendance of nearly 7000 pupils

There are two or more kindergartens in each of the districts; these were attended in 1890 by more than 1,200 pupils

MICA ROOFING

USE MICA ROOFING on your buildings. It is cheaper than shingles:
Water Proof and Fire Proof.

USE MICA PAINT to repair leaky roofs. Shingles, iron or tin roofs
painted with it will last twice as long.

RAPIDLY TAKING THE PLACE OF SHINGLES

IS put up in rolls of 108 square feet each, 36 feet long by 3 feet wide, and costs $2\frac{1}{2}$ c. per square foot, thus affording a light, durable and inexpensive roofing suitable for buildings of every description, and can be laid by ordinary workmen. One man will lay ten square in a day, which brings the cost of Mica Roofing about 75c. per square cheaper than shingles. Special terms to dealers who buy our Mica Roofing to sell again. Orders and correspondence answered promptly.

HAMILTON LADIES' COLLEGE,

HAMILTON, CANADA,

The OLDEST LADIES' COLLEGE in the Dominion.

It has educated thousands of young ladies, and has graduated over 300 from the full literary course.

The equipment is first-class in every respect. The faculty consists of five Professors and eleven Lady Teachers.

THE COLLEGIATE COURSE

embraces Literature, Languages, Philosophy, Mathematics, Natural Science, and all subjects usually found in a University Course. Those not wishing to proceed to graduation may take a select course.

THE CONSERVATORY OF MUSIC

furnishes first-class instruction in every branch of Musical Study, both in Theory and Practice. The teachers are from the finest Conservatories and Musical Centres in the world—from the Conservatory of Paris, from the London Academy, from the Royal Conservatory of Leipsic, etc. The pupils have the advantage of weekly recitals.

THE ART DEPARTMENT

embraces every feature of Drawing, Water Colors, Oils, etc. The Director is an enthusiast in his calling, and a born teacher.

Degrees Conferred in Literature, Music and Art.

Classes regularly in Elocution, Book-keeping, Short-hand and Type-writing.

The building has over 150 rooms, has all the conveniences of a first-class hotel; hot and cold baths always accessible.

Terms very moderate—from \$160 to \$200 per annum.

Address the Principal,

A. BURNS, D.D., LL.D.
